Sorry-This should read- My mistake- Misty

Hope you and the Axiom Staff are doing well.

While the team was on site today regarding the Big Belly relocation, we briefly discussed the final phase of the project.

I remember you mentioning 30-days to complete the installation. Does that include weekends? Austin hopes to get the final BOE approval this week.

If so, we could be on track for holding the **Tile Unveiling on November 14th**, but I want to check in with you before I send email invitations.

In regards to the unveiling site, we would like to know if you can start the first tile installation at North Avenue 60 and work down toward Avenue 54 on the North Side, then continuing on the South Side. The Highland Park Farmer's Market is held every Tuesday from 3pm-8pm and 3-7pm during the Winter. This event would still be during Summer hours along the intersection of North Figueroa and Avenue 58 (across the street from the Highland Park Gold Line Station). Street closure is available, and would allow for spectators to view the unveiling as well. We plan to set up tables and chairs for booths, each business or organization are invited to use. This includes Axiom. The council office would like to participate, as well.

Lastly, has anyone taken pictures of the prepared tiles? Misty and I are developing collateral for the event and need high resolution images of the tiles to move forward. We need these as soon as possible. All printed materials take 2-3 weeks to develop and print.

Please let me know if you have questions.

Hello Esteban,

Hope you and the Axiom Staff are doing well.

While the team was on site today regarding the Big Belly relocation, we briefly discussed the final phase of the project.

Austin feels things are safe with BOE and this could allow us to discuss a timeline. I remember you mentioning 30-days to complete the installation. Does that include weekends? Austin hopes to get the final BOE approval this week.

If so, we could be on track for holding the **Tile Unveiling** on **November 14th**, but I want to check in with you before I send email invitations.

In regards to the unveiling site, we would like to know if you can start the first tile installation at North Avenue 60 and work down toward Avenue 54 on the North Side, then continuing on the South Side. The reason being, is that the Highland Park Farmer's Market is held every Tuesday from 3pm-8pm and 3-7pm during the Winter. This event would still be in Summer hours along the intersection of Marmion Way North Figueroa and Avenue 57 , Avenue 58 (across the street from the Highland Park Gold Line Station). Street closure will be available, and I assume it would allow for spectators to view the unveiling as well. We plan to set up tables and chairs for the people we invite.

The tables and chairs are for booths, each business or organization, are invited to use . The council office would like to participate, as well.

Lastly, has anyone taken pictures of the prepared tiles? Misty and I were thinking of creating post cards but would like to use good caption of the tiles. Misty and I are developing collateral for the event and need high resolution images of the tiles to move forward. We need these as soon as possible. All printed materials take 2-3 weeks to develop and print.

Please let me know if you have questions.

Thank You

Arturo Nevarez

Hi Arturo,

Without knowing the status of the change order regarding the 2% slope, it's hard to confirm the unveiling date. Axiom Group will need a minimum of 30 calendar days to do the complete install (start to finish).

Hi,

Just want to double back on the date for the unveiling. Do you think **November 14th** would be a good date to confirm with the Council Office?

Let me know if you have questions.

Thanks!

Hi Everyone,

I am resending the last updated version of the notice. I forgot to add Axiom Group's logo to the flyer. I plan to pass out notices tomorrow morning.

Thanks

Hi,

I updated the Public Notice to include logos from the Council Office, North Figueroa Association, LADOT, and LANI.

I plan to distribute some notices this coming Friday morning.

Thanks

Hi Art,

I made some changes. I include LANI's contact and Axiom's rather than LADOT since LANI has done the outreach and Axiom will be on site. I included Alain's old extension of 17. Is that your extension now?

Thanks!
